PROFESSIONAL SUMMARY

Computer Science graduate (B.Tech, 2026) with hands-on project experience building full-stack web applications using Django and MySQL, and currently deepening expertise in Python and Django through structured training. Comfortable across the stack — from responsive frontend UI to secure backend authentication — with strong problem-solving skills and a fast learning curve. Seeking an entry-level Python/Django Developer role to apply and grow these skills in a production environment.

SKILLS

- Languages & Frameworks: Python, Django, HTML, CSS, JavaScript, MySQL
- Databases: SQL (Basic)
- Other Tools: Django
- Currently Training In: Full Stack Python Development (Python, Django, HTML, CSS)

PROJECTS

A Systematic Review of Chatbot Classification, Development, and Their Impact on Tourism

Tech Stack: *HTML, CSS, JavaScript, Python, Django*

- Conducted a systematic review of chatbot classification, development approaches, and implementation strategies, evaluating their impact on customer engagement, service efficiency, and personalized travel assistance in the tourism sector.
- Designed and implemented a Django backend with secure authentication for Admin and Tourist user roles.
- Built responsive frontend templates with HTML, CSS, and JavaScript to deliver an intuitive user experience across devices.

Gym Management Platform

Tech Stack: *Django, Python, MySQL, HTML, CSS, Bootstrap*

- Developed a web-based platform enabling authentication and role-based access for Admin and Member users.
- Build CRUD modules for members, trainers, membership plans, payments, attendance, equipment, enquiries, and workout plans.
- Designed relational database models using Django ORM and implemented data validation and status tracking.
- Created responsive interfaces using HTML, CSS, Bootstrap, and Django Templates.

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation – Forage
- Cisco Data Visualization

EDUCATION

Bachelor of Technology in Computer Science Engineering *April 2026*
Aurora's Technological and Research Institute | GPA: 7.6/10

STRENGTHS

- Quick learner with strong problem-solving skills
- Good communicator and collaborative team player
- Adaptable and eager to take on new challenges
